Dear Damian,

We at Precious Blood would like to let you know how we feel about our experience with you during the process of building the new church here in Dayton, Ohio. From the very beginning we had a good feeling about you and Marchione Studios.

We began our journey together in an informal meeting where you listened to a group of people tell you their ideas on the theme for our new stained glass windows. Damian, you then went back to Canton, Ohio, and researched the Precious Blood order and our founder Gaspar del Bufalo. After much research you returned to us with well thought out beautiful sketches and presented them in a professional manner once again being very sensitive to the group's feeling. I cannot say enough how professional and considerate you were to us.

The artwork and workmanship on our new windows is first quality. You will never know all the people your talent has touched. We continue to receive compliments daily. I am always proud to tell the story and give them the artist's name.

Once again Damian, you have been blessed with a great talent. Continue to use it for the glory of God. If at any time I can give you a reference please do not hesitate to call me. I can be reached at 937-276-5954 at Precious Blood Church in Dayton, Ohio. Please do not hesitate to call at any time.

Damian, God puts wonderful people into our lives every day and you are one of those people for me.

God's peace and love to you always,

**Skip Ekhart
